

The University Women's Club of North York condemns racism, violence, and injustice against Black, Indigenous, and People of Colour (BIPOC). We are committed to learning from the voices of those who are being systematically excluded and disadvantaged. It is time for change. In the words of Martin Luther King Jr: "there comes a time when silence is betrayal."

We stand committed to the development and implementation of strategies and best practices that dismantle racism and ethnic oppression within all aspects of our society.
